The Mayor reported taxes collected on four dogs from May 1 to June 1. One duplicate tag issued.

The committee reported the old Chiles house on Fourth street a public nuisance, and the Marshal was directed to take proper steps to abate said nuisance.

The Committee on Turnpikes and Railroads was authorized to enter into a contract with the Maysville, Orangeburg and Mt. Carmel Turnpike Company for the possession and control of that portion of their road within the city limits—about one mile. The road is to be turned over in good condition; the city is to be exempted from paying tolls on teams employed in hauling rock or material for repairing said part of the pike; and the turnpike company is to pay the city \$100 annually to aid in keeping said portion of the pike in repair.

Suit has been filed against the city by Mason County to recover a sum alleged to be due for confining prisoners in the jail. The summons that had been served on the Mayor and Clerk was read.

The Committee on Fire Department was authorized to buy one of the "Perfection" hose-holders. Council hadn't much choice in the matter, as the holder was accidentally broken one night while the hose-reel was being taken to a fire. It was repaired, however, at little cost and is as good as new.

The Internal Improvement Committee reported that contract had been made with the King Bridge Company for a new bridge over Limestone Creek.

The sale of the station house property was ratified and the committee was authorized to execute a deed to purchaser.

The Committee on Gas recommended the erection of a public gas post in Mitchell alley, between Third and Fourth streets, and the work was ordered done.

The question of erecting a public gas post in "Catholic" alley was referred to the Committee on Gas with power to act.

A petition was read from property holders and residents on West Third street asking that the water mains be extended along that thoroughfare. Mr. John G. Hickman was present and made some remarks on the subject. The Committee on Water was directed to ascertain the cost of extending the mains, and also to ascertain the probable number of consumers, and report.

The Maysville Real Estate Company asked permission to change the plan of that portion of the second plat of Chester

bounded by Second and Main streets, Chester avenue and Holliday's line, and also asked that the name of Chester avenue be changed to Kentucky street. The matter was referred to the Committee on Propositions and Grievances, who are to report at next meeting.

The Committee on Wharfage was directed to at once place the lower grade in repair, so as to enable coal dealers to reach their landing.

The following were granted permits: Ben Edwards, to erect a coal house in Sixth ward; J. H. Johnson, to build a coal house in Sixth ward; Thomas A. Davis, to erect a frame residence on "Riverview Terrace."

The usual ordinance making the levy for this year was read, and adopted under a suspension of the rules. The levy is the same as it was last year, and is as follows:

For paying outstanding indebtedness 25c. on \$100  
For general purposes.....30c. on 100  
For school purposes.....10c. on 100

Total.....25c. on \$100  
The ordinance fixes the poll tax at \$1.50.

By request of Mayor Pearce Council donated \$10 to pay Deputy Marshal Crawford's expenses in conveying the Grayson child to and from Cincinnati.

Mr. Blatterman brought up the question of standard time. He said it was somewhat of a "chestnut," but he thought the city ought to keep up with the procession. He moved that the keeper of the city clock set the clock according to standard time next Monday morning. Mr. Wadsworth suggested that the said keeper change the clock from sun to standard time Monday morning. Mr. Hopper and others thought the city had better get a clock first; that it was impossible to keep any sort of time with the present clock. Some one suggested that the Court of Claims might not allow the city to put in a new clock. Mr. Blatterman said he understood the ringing of a large bell near a clock injured it, and he suggested that the court house bell be placed on the other end of the building. The motion to change to standard time was finally adopted, with one or two dissenting votes.

On motion of Mr. Robinson the Committee on Public Buildings was authorized to ascertain the cost of a new clock, with illuminated dial plates, and report.

The question of buying a supply of new hose for Amazon Fire Company was, on motion of Dr. Wardle, referred to the Committee on Fire Department.

The Committee on Ways and Means was authorized to borrow \$1,500 for current expenses.

The Improvement Committee was directed to repair Bank street.

Mr. Wadsworth brought up the subject of granting Thomson, Jolly & Co. license to operate their "merry-go-round," and it occasioned a lively discussion. He said he had looked into the matter, at their request, or suggestion, and could not find any law requiring them to pay a license, but that they were willing to pay the city \$3 a day for the privilege of operating the "Flying Dutchman" from 7 a. m. until 10 p. m. Other members agreed with Mr. Wadsworth, but the Mayor claimed the ordinance concerning shows and exhibitions governed the case. Mr. Wadsworth moved that the firm be granted permission to operate their "merry-go-round" from 7 a. m. to 10 p. m. on the payment of a stated fee of \$3 a day. The Chair declared the motion out of order. Mr. Wadsworth then moved that the firm be granted the permission free of charge. This motion was also declared out of order. Mr. Wadsworth appealed from the decision of the Chair, and the Chair was not sustained. The permission was then granted the firm, free of charge.

Council adjourned.

Work was commenced yesterday on the city's new bridge over Limestone creek.

SAYS the Dover News: "Street loafers are very prevalent here this season. If Mayor Pearce succeeds in extirpating the streets of Maysville of this 'ignominious rubbish,' it would be a wise act in behalf of the Town Council of Dover to employ the Mayor to come down and manumit the streets of our town."

Cochrane, of this city, and Rev. S. D. Boggs, by order of Ebenezer Presbytery, will install Rev. W. T. Spears pastor of the church at Washington, to which he has been preaching for more than seven years as stated supply.

## THE FOREST AVENUE FIRE.

The L. and N. Arranging to Pay the Sufferers Part of Their Losses.

The recent destructive fire on Forest avenue was undoubtedly caused by a spark from a L. and N. engine.

The BULLETIN stated as much at the time and suggested that the railroad company ought to pay the losses.

The probability now is that the company will do what is right in the matter. Superintendent Hood was here this week and conferred with the sufferers. A proposition to settle on a basis of 50 cents on the dollar was accepted by most of them, and they will likely soon receive their money.

The company does not recognize the claim as a legal one at all, but prefers to retain the good will of the people rather than go into a law suit over the matter.

On the basis named, Mr. W. E. Stallcup will receive \$351.50, Mrs. S. J. Daugherty \$350 and Mrs. M. C. Hutchins \$200. Captain Hutchins effected the agreement in these cases. The amounts agreed on in the other cases have not been ascertained.

A. M. CAMPBELL, real estate, loans and collections.

SENATOR BLACKBURN left Washington Wednesday evening for his Kentucky home.

THE wicked little English sparrows are destroying the gardens at Dover, according to the News.

"GLEN PARK" is the name of a new pic-nic grove the C. and O. has opened this side of "Coney Island."

FELIX C. NEWMAN, an attorney of Falmouth, and Miss Sallie E. Terrell, of Paris, were married at Covington Thursday.

MRS. C. J. NUGENT was at Dover yesterday and organized a Woman's Parsonage Society at the M. E. Church, South.

THE gold watches carried by Hopper & Co. are the best manufactured and guaranteed to be lower in price than elsewhere.

THE Vokes-Simcoe Company gave a good athletic exhibition at the opera house last night, and will repeat it to-night. Go see it.

MR. ED. OWENS, aged eighty-three, and Mr. Langhorne Tabb, aged ninety-three, two of Dover's oldest citizens, are very ill. The wife of Mr. Tabb is also very sick.

THE annual session of the Kentucky Conference of the M. E. Church, South, will be held in this city next September, commencing on the 13th. Bishop Gal-laway will preside.

THOMAS FLYNN, JR., whose case was mentioned yesterday, was tried before Judge Phister and a jury, on a writ de lunatico, and was ordered sent to the asylum. His home is at Louisville.

HAVE you seen those elegant carving sets at Ballenger's jewelry store? If not don't fail to do so if you need anything in that line. His stock of silver knives, forks and spoons is not surpassed anywhere.

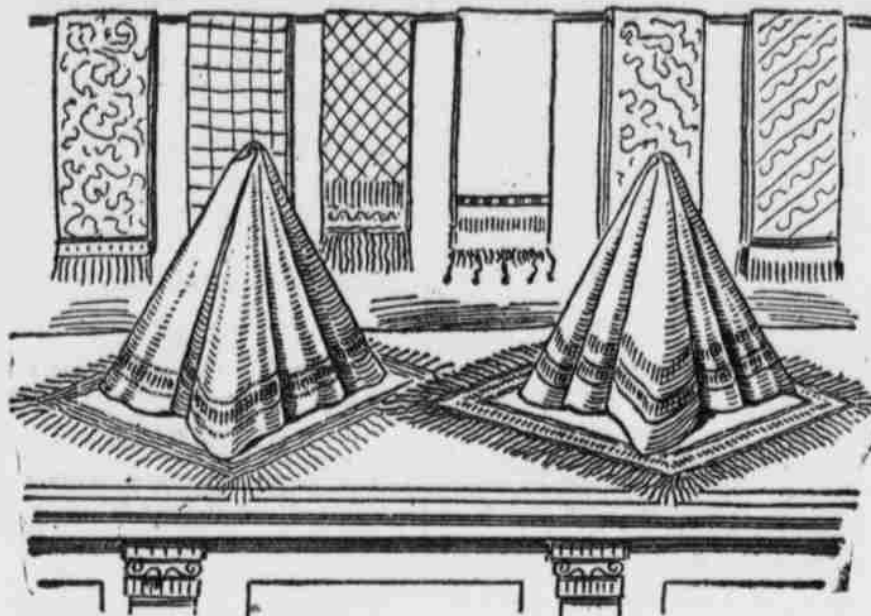

I HAVE just received another new line of ladies' and gentlemen's gold watches. As in the past you will find my prices lower than any other house; quality the best. Now is the time to buy, at P. J. Murphy's, the jeweler.

WM. JACKSON, the lad who was accused of stealing some paint brushes from Jeff D. Carmack, was taken before Judge Phister yesterday for trial. On account of his youth, he was discharged, with a good lecture from the court.
